Welcome to Corabbey Dental & Orthodontics

Dr. Carmel Curtin founded Corabbey Dental & Orthodontics (Formerly Corabbey Dental Clinic) in 2004. Dr. Curtin graduated from University College Cork in 1997. She has completed postgraduate studies with both the University of Bristol and Kings College London.

At Corabbey Dental & Orthodontics we have gone to great effort to ensure all Dentists and Specialists have undergone training at the best universities and are registered on the Dental Register and Specialist Dental register as appropriate.

All of the Dentists are constantly updating their knowledge and skills via continuous professional development (CPD) courses and seminars.

"Dentistry is advancing at such a rate we want to make sure that we are at the forefront of these changes so that our patients will receive the best care that we can possibly provide. The clinic has grown greatly since 2004 and we are acutely aware that without the goodwill of all of our patients none of this would be possible."
